# CLASSES AT Worcester Park

Each class starts with a 15 min warm up and stretch. This includes an exciting pulse raiser which is usually a gymnastics based game or workout style activity ending in a full body stretch which gets the children ready for safe exercise. The gymnasts will then participate in 'Skill Prep' which will prepare for the upcoming skill session. The children will focus on core skills that help with the more challenging exercises to follow. These exercises build muscle memory and increase spatial awareness. All children are split into groups according to age and ratio.

## 3-6 YRS

60 MINS

The children are split into groups based on age and ability.

The 3-4yrs will have a circuit made out of colourful objects and hand apparatus that they can follow like bread crumbs and which we have engineered to include important skill development exercises.

The 4-6yrs group will begin their gymnastics journey starting with beginner level skills with the knowledge that once their strength is built they progress to harder skills as they get older and better.

## 6-8 YRS & 8-10 YRS

60 MINS

Our 6-8yrs and our 8-10yrs class follow the same equipment structure as the 4-6 age group however they have are set harder exercises to suit their age/ability and keep them engaged in their lessons.

Beginners will be kept at a level appropriate for them however those that show more capability will be taught progressions of basic skills and pushed to their own capabilities.

## TWEEN & TEENS

60 MINS

The Tween & Teen Class is a mixture of everything where we help them follow the steps of the class, maintain strength and fitness however at the same time we give them a little more flexibility to choose what they would like to learn and achieve.

They will also be pushed to their own capabilities and given the chance to join our coaching team for a potential coaching profession.

## ADVANCED SQUAD (INVITE ONLY)

120 MINS

Our Advanced Squad class is for gymnasts who have reached a good standard of gymnastics and would like the challenge of learning more complex skills. This will be a slightly more disciplined session, and during the 2 hour session, gymnasts will have the time to work on their flexibility and strength, improve existing skills and learn more complex skills. This is an invitation only class and there will be the opportunity to also be chosen to represent the club in local competitions and displays. We will be focusing on: - the higher level Floor and Vault Skills such as Twisting, front and back tumbling combinations, advanced vaults such as hand spring & hand spring twisting - the Artistry of skills learning to perform their skills perfectly and beautifully - Physical preparation, getting their bodies ready by improving their Flexibility, Strength, balance and coordination - Competition Preparation, teaching the gymnasts all the skills and tools they will be asked to compete in a possible 5 Floor and Vault Competitions during the year.

To become really good at gymnastics, the key is repetition - doing skills over and over again to eventually gain perfection. This can be quite boring for children, therefore at Good Life Gymnastics, we have recognised this and feel it is more important for the child to love the sport of gymnastics rather than the punishing repetition.

We've put together a schedule of exciting weekly themes that complement the important repetition of skills to help keep children engaged and excited to learn.

We've introduced special themed weeks to encourage participation and fun, for example, 1 dress up week a term (always optional), which you will be notified about in advance.

At the end of every term we always invite parents in for a watching week so you can see your child's progress. We don't do this on a weekly basis as it's quite distracting for the children and independent learning is a big focus for us.

At Good Life Gymnastics, we believe in building confidence! Welcome to our club!

# FAQ'S

## Worcester Park

### *Why should I trial?*

We encourage all children new to Good Life Gymnastics to book a trial in the class before subscribing to the membership, to ensure that your child is happy in the class you have chosen and that it is right for you. We then ask for you to subscribe to our monthly membership following the Trial class. A joining fee is applicable.

### *Does my child have a secure place following my trial?*

Once you are accepted into a class for a trial, this secures your place within the class. This place is guaranteed for 24 hours following your trial, when we ask you to follow the link via the invitation sent to you after the Trial class and join our Subscription.

### *How do I subscribe after my trial?*

An invitation to subscribe will be sent after your trial. Look out for an email sent from us (check junk mail also) & follow the link. Please note that we will only be able to hold your place for 24 hours following your trial, after which your place will be offered to the next person on the waiting list.

### *Can I watch my child's class every week?*

We are a drop off only gym and do not allow parents in the gym at any time. Parents are only allowed into the gym during Watching Weeks.

### *What happens if my child has a birthday and is supposed to go into the next class?*

We will keep an eye on the registers and move your child up as soon as there is a place in the next class. If they have to stay in the younger class, we will ensure that they are kept with their age group and pushed to their ability whilst waiting for a place.

### *Can I switch between venues if I can't make a class?*

When you sign up to a class within a venue, you are committed to that class going forward. If for any reason you are unable to attend that class, unfortunately you cannot attend a class at a different time or venue. We do not offer refunds for missed classes. If you are no longer able to attend your class but would like to continue with us at a different venue or time, we can assist you in transferring if a place is available in the class that you wish to move to. Talk to the manager of your club or email [info@goodlifegymnastics.com](mailto:info@goodlifegymnastics.com). All availability can be seen via the website.

### *What happens if my child's leaves something behind?*

There is a Lost and Found box in every gym. Please ask the gym manager if you have lost anything.

### *Do I have to give notice if I want to cancel?*
